

FACT SHEET FOR CONTRACT 04-4C2004 PACHECO PASS PAVEMENT OVERLAY PROJECT

Project Location

On Route 152 in Santa Clara County near Gilroy at various locations between Route 101 junction and Route 156 junction.

Scope

The scope of this project is two folds:

- 1) Overlay the existing pavement with a layer of hot mix asphalt (HMA) to preserve it and to provide better ride quality.
- 2) Construct rumble strips along the median and along the outside shoulders to alert drivers when they stray off the roadway.

Schedule

Construction of this project will start in late May of 2015 and will be completed in late July of 2015.

Costs

Engineer's Estimate: \$6,426,255.00
Award Amount: \$4,438,637.00

**FACT SHEET FOR CONTRACT 04-4C2004
PACHECO PASS PAVEMENT OVERLAY PROJECT**

Summary

The HMA overlay will extend the service life of the existing pavement and provide smoother ride quality. The rumble strips along the median and along the outside shoulders will alert errant drivers when they stray off the roadway.
